

# Nadi International Airport

## TRAVEL SAFE

Nadi International Airport would like to advise passengers of the following COVID-19 safety measures that needs to be observed and complied with at all times to ensure your safety and wellbeing during your airport journey.

### Health Screening

All passengers will be screened at Nadi International Airport. Temperature screening will be carried out in our departures and arrivals screening areas. Passengers will not be allowed to fly if their temperature is above 37.4 degrees

### Face Masks

As part of the new normal and to further enhance safety measures all passengers are required to wear face masks. Face masks are not mandatory for all guests (farewellers, family & friends)

### Farewellers

Nadi International Airport will allow access to fully vaccinated farewellers into the departures and arrival lounge.

### Social Distancing

Passengers will be required to practise social distancing throughout your airport journey by keeping a safe distance. Markers have been placed on terminal floors and on seating to help you keep a safe distance from other travellers where you can.

### Washing Hands Regularly

We are encouraging our passengers to regularly wash your hands. Please wash and sanitise your hands regularly and keep a safe distance from other passengers where you can.

### Cleaning and Disinfection

We have additional cleaning and disinfection routines to ensure all high contact surfaces are being rigorously cleaned and disinfected after each flight. Handrails on escalators, boxes at security check points, luggage trolleys, counters etc undergo intensive cleaning and disinfecting.

### Medical Personnel

Our health and medical personnel will be on the ground to provide assistance.

### Hand Sanitizer Stations

Hand sanitizer stations will be available throughout the terminal to ensure our passengers are sanitizing their hands and maintaining personal hygiene.
